

# Circo

## ELEGANT ONE PIECE DESIGN

by **Senator**

Design Justus Kolberg

There is an increasing requirement for a functionally simple light work chair for ad hoc touch down working environments. Circo responds to this with a permanently floating action and a mesh back that morphs to support the user.

These features are equally welcome in conference and meeting environments where conventional static seating may not provide adequate movement to promote healthy seating.

The design has been realised from the development of a complex single moulded piece and its design in essence utilises two continuous lines; one for the back and seat and one for the arms and supporting yoke that also integrates the tilting action.

### STANDARD FEATURES

- Dynamic yoke, height adjustment and free floating tilt action
- 3D self supporting mesh back in Black

### OPTIONAL FEATURES

- Glides
- Static swivel yoke with memory return
- Polished aluminium base
- Luxury upholstery styling when leather is specified

### FINISH OPTIONS

- Moulded plastic components are available in either Light Grey or Black
- 3D back mesh back in a choice of five colours
- Circo can be upholstered in a broad range of contract upholstery fabrics, vinyls and leathers from The Senator Group standard upholstery collection

### PERFORMANCE STANDARDS

- EN 16139:2013 LI
- GS Certificate (currently undergoing testing)
- ANSI/BIFMA X5.1:2011 (currently undergoing testing)
